

My dear Mr Franz Josef Heurs, Alfons and Anne and all our dear friends of Mount Rosary,

Greetings to you from Mount Rosary, Fr. Pinto, Sr. Prescilla and all sisters and inmates.

When we read the e-mail from Alfons and Anne regarding your wonderful work on the Bazaar, our hearts were really filled with words of gratitude and we said to ourselves, what a lovely people you are.

Most of you have not seen Mount Rosary personally except Mr. and Mrs. Alfons and Anne and Mrs and Mr. Monica and Martin and their son. They are the real witnesses of our work here. You have seen Sr. Prescilla and the photos and viodeos of Mount Rosary and its work. I remember a Konkani hymn, "though we have not seen you personally, we believe you and though we did not meet all of you, we love you" This is what exactly is our relationship. Surely God dwells here amidst you and us. Thank's a lot to each and every one of you. I know many of you personally as I have met you in Tonisberg. Our sisters and people have seen you in the photos. Your spirit of work for Mount Rosary has inspired all of us here and we really feel that God has made this possible. Always God works through people to continue His work. One example which happened just two days back is, we were talking about our Doctor's salary here, for the next months, and at the same time, you were asking the same question among yourselves there in Toenisberg. Next day morning, when I opened the mail, I was surprised to read it . Then I said, God works through us always. We and you too are truly working for God's people.

Because of this, many improvements were done in the village families, education of children, clean house and toilet, educated youngsters, courageous women came out from the four walls of the room, health facilities, self employment programmes, healthy inmates of Mount Rosary at the age of 90 and above also, improvement of the hospital facilities.

Thank you very much once again for the hard work of all of you, ... children from Kindergarten, ... and all the parishioners, and all those who made this Bazaar successful. In return we pray God's choicest blessings on them and we will make use of your support for a good cause, which will bring you consolation.

Now a days, we have extended our mission in Mizoram, Mudkani and Mumbai and because of this, the number of sisters at Mount Rosary are less. I do not get much time to send you all the news and reports. Thank you for your patience and understanding. Now we have begun the preparation for the next General chapter which is in 2017 October. Please pray for all of us Sisters.

Thanking you.

Yours sincerely

Sr. Prescilla D'Mello
