Dear Friends of "One World Shop",

20.12.2025

Warm New Year greetings to you all. As we step into this new year, we remember you with deep gratitude and appreciation.

We are deeply grateful to inform you that we have received your very kind donation of Euro 2,000/- through our friends of Mount Rosary. This generous contribution will be used for the education of the young candidates and sisters of our congregation, many of whom come from poor families and are given the opportunity to pursue vocational training and/or university studies after joining. A part of the donation will also support medicines and patient-related expenses at Mount Rosary Hospital. We sincerely thank you for this timely and meaningful help and remain deeply grateful for your kindness and generosity.

We sincerely thank you for your generous financial support and constant encouragement. With your help, we have been able to begin and continue our Palliative and Geriatric Care Centre, which has now completed one year of service. During this time, many patients suffering from various illnesses have been admitted and cared for with love and dignity. Our sisters are rendering dedicated service, offering bedside care, comfort, and compassion to each patient. Many patients and their families express great happiness and relief when the patients are discharged. However, there are also several patients who are extremely poor and unable to make any payment. Most of them require long-term bedside treatment, and meeting these expenses has become a heavy burden for us.

Along with this, our Mount Rosary Hospital continues to render good and compassionate service. Though the number of patients is presently few, most of them come from very poor backgrounds and are unable to afford the cost of treatment. We strive our best to support them with care and dignity. At the same time, we also have the responsibility of providing gratuity and support to our employees who faithfully serve in the hospital.

In addition, we gratefully acknowledge and thank our dear friends Mr. Alfons and Anne, and Mr. Franz Joseph. Through them, we have received support for children's education sponsorship, which has become a very meaningful and effective programme. This support not only helps children from poor families but also assists our congregation's formation candidates who are preparing to become sisters, as well as supports the education of our sisters. We deeply appreciate this valuable contribution towards building a better future.

Despite the challenges, we continue our mission with faith and hope, trusting in God's providence and the generosity of kind-hearted people like you. We thank you once again for standing with us in serving the sick, the elderly, and the needy.

May the New Year bring you abundant blessings, good health, peace, and joy.

With gratitude and prayers,

(Sr. Suneetha Dsouza)
